## Celestial Chakra

Location: In our auric field, allows for us to connect with the spiritual dimensions

Color: Can vary according to the Star Cluster you are visiting

Symptoms of a blocked/inactive chakra: denying your guides/ angels, connecting with entities/ beings that are leaching off of you thinking they are spirit guides, allowing influences of media to act as guides, feeling alone in your spiritual journey.

Stones: Celestite allows the subtle energy bodies of the etheric realms to come into our bodies. Celestite can not be charged or discharged by the sun, but can be charged by hematite or selenite. Never put crystals face down onto other stones as it can absorb those energies and change the structure of the stone.

Food: Fruit, teas, macha, cocoa. Creating a lightness in our bodies allows for us to have a clean vessel to connect to the other realms without being so heavy or dense in our beings.

## Astral Travel for Activation

Through this activation we will be traveling through various star clusters to visit the entities and light beings from these spaces. Allowing this experience to be one of curiosity and wonder verses getting the answers will help tremendously in this process. Each of the spaces that will be visited will have drastically different energies and affects on our bodies. Listen to how your body responds or reacts to each of these different experiences.

Lemurian Light Beings- my guides speak to me in frequency. It often sounds like a high pitched ringing in my ears. When I was a teenager, I started hearing slight whisperings along with the frequency sounds. I have now integrated a scribe into my guides so that I can clearly hear the messages from my lemurian light being guides. Lemuerian seed lines are a very powerful way to hear messages clearly, that have already been transcribed through the crystal from the frequency sound. This is a powerful way to hear the message without having to desirer the frequency. In the Arkansas Crystal mining retreat we will spend time activating and communicating with the light beings while mining, cleaning and interacting the crystals from the source!

## Star Cluster Experiences

When writing down your experiences be sure to mention the aspects/ feelings within your body as well as what you experience from the other 5 senses.

Take notice of any of these places that feel like home.

Which light beings or entities feel like they are like family?

You are connecting with higher and higher energies throughout this program. Taking the time to make sure that you are eating high vibrational foods, your thoughts are not being manipulated by media, and you have a clear vessel of being free in your body, mind and spirit. Entities pick up on victim mentality, self worth aspects, self esteem, and negative thought patterns. If you are experiencing any of these aspects it is important to book a one on one session to heal the root cause of these aspects.

If you would like to activate and initiate with your guides on a personal level, while meeting your personal spirit guides, please reach out. I have an amazing friend who can help you find your personal team of spirit guides to help you create deeper and more meaningful connections.
