Pisces energy is romantic, helpful, wise, comforting, and artistic.

Shadow Pisces can be gullible, self-pitying, out of touch with reality, addictive, self destructive, clingy, and masochistic.

New Moons remind us That rebirth is a part of life

In the Goddess Culture, death is not the final ending- rebirth comes naturally as the next phase. So much of life is death, endings, and walking away from what we thought life was. Yet there is another phase, the rebirthing phase. Take notice of what has died in your relationships, health, business, and money- allow for this new moon to rebirth these aspects with a opportunity, person, or resource that is better or more in alignment with what passed on.

What is ready to rebirth in your life?

What does that intention look, feel, taste, and sound like?

What parts of your life do you need to grieve fully so they can rebirth into reality?

Gratitude for New Beginnings
